DETAILED ACTION

*** This office action is in response to Applicant's Amendment and RCE filed November 14, 2005. Claims 76-89,91-113 are pending.

Allowable Subject Matter

1. Claims 76-89,91-113 are allowed for reasons as of record.
2. The following is a statement of reasons for the indication of allowable subject matter:
Applicant's amendment and remarks filed November 14, 2005 have overcome the rejections of record, in which claim rejected claim 90 has been cancelled. As already of record, none of the references including Kuisl (6,020,217), Farnwoth (6,620,731), Finnila (5,426,072), of record, fairly anticipatively suggest a method for fabricating a semiconductor component comprising all process limitations as claimed in claims 76-89,91-113, or in the combination of the references, to fairly make a *prima facie* obvious case of the claimed invention.
